### The American Art-Union,

In the City of New York, was incorporated by the Legislature of New York for the promotion of

The Fine Arts in the United States.

It is managed by gentlemen who are chosen annually, by the members, and receive no compensation.

To accomplish a truly national object, uniting great public good with private gratification at small individual expense, in a manner best suited to the situation and institutions of our country, and the wants, habits and tastes of our people, the Committee have adopted the following

#### PLAN.

Every subscriber of five dollars is a member of the Art Union for the year, and is entitled to all its privileges.

The money thus obtained, (after paying necessary expenses) is applied,

First—To the production of a large and costly Original Engraving from an American painting, of which the plate and copyright belong to the Institution, and are used solely for its benefit.

Of this engraving every member receives a copy for every five dollars paid by him.

Members entitled to duplicates are at liberty to select from the engravings of previous years.

Whenever the funds justify it, an extra engraving of work of Art is also furnished to every member.

Every member also receives a full Annual Report of the proceedings, &c., of the Institution.

Second—To the purchase of paintings and sculpture, by native or resident artists. These are publicly exhibited at the Gallery of the Art-Union till the annual meeting in December, when they are publicly distributed by lot among the members, each member having one share for every five dollars paid by him.

The business of the Institution, out of the City of New York, is transacted by Honorary Secretaries, who receive and remit subscriptions, and deliver to members in their vicinity the Reports, Engravings, and works of Art. They are forwarded at the expense of the Institution.

The income of the Art-Union the last year was \$33,283 dollars, and one hundred and forty-six paintings, varying in price from \$15 to \$500, were distributed by lot among its members, and each member also received a copy of a large line engraving, "Sir Walter Raleigh parting with his wife on the morning of his execution."

The committee have already in progress, for the members of this year, two large engravings, the "Fall River" and "The Shipwreck," to be engraved by Cassell after the picture by Huntington, of both of which, every member will receive a copy.

The annual meeting and distribution will take place this year on the 24th day of December.

It is very desirable that the dues of the members should be paid early, in the year, that the Committee may make their purchases at the best advantage.

Subscription and payment may be made to the subscriber, Honorary Secretary for Newport and its vicinity,

### A ROMANTIC LOVE TALE.

That the course of true love never did run smooth has been again proved by a circumstance with which we were made acquainted a few days since. For some time back a widow lady has resided in the upper part of our city, whose quiet and retired manner led her to avoid society almost entirely. She had no children, was scarce thirty in appearance, and was remarkably good looking, with a face of the mournful cast which novelists so often choose for their heroines, and which lends such a charm to the features of the pensive order. It was known of her that she had been married to a man much older than herself, who had died and left her in comfortable circumstances. About two weeks since the Lawrenceville omnibus drove up to her door, and she stepped into the vehicle, with the purpose of visiting the village. There was but one other passenger, a gentleman, about the same age with herself.

A few minutes after the omnibus started the gentleman made a remark which attracted the attention of the lady, and throwing back her veil to answer, enabled the stranger to catch a glimpse at her features. An ejaculation expressive of surprise escaped him; and a scream from the lady proved that she was startled in no slight degree.

"Mary!"—Charles! and in a moment, a scene rarely witnessed off the stage was performed in the omnibus. The people who had entered the carriage as strangers were in each others arms, the lady in tears, the gentleman exhibited by his voice and carresses the extreme of joy.

In two days from that time the widow was no longer a widow, nor the stranger a bachelor.

The secret of this sudden change of circumstances is thus explained:

Some twelve years ago, the persons whose names we have given as "Mary" and "Charles," resided in a little town in Western Pennsylvania. The former was the belle of the village, and the latter, some two or three years her senior, was her lover.

The match was perfectly satisfactory to the friends of both parties; the young man bearing an excellent character. Before the time fixed for their marriage, however, misfortune came upon the lover, reducing him from comparative affluence to penury, and, at the instance of her relatives the engagement was postponed and finally broken. Depressed in spirits by this double misfortune, the youth left his home, no one knew whither.

A year or two afterwards, our heroine still inconsolable for her lover, attracted the attention of a rich old fellow who resided near the city. He was a bachelor, and had neither chick nor children of his own. Indifferent as to what became of her, the girl suffered her relatives to dispose of her hand, and she made what is called a successful match in marrying the rich old bachelor. Three years after her marriage her husband died, leaving her every dollar of his estate. Independent now of the world, she determined to spend the remainder of her days single—a mourner for the fortune which had so destroyed the happiness of her young lover's dream. She removed to this city, where she has resided for nearly seven years, unknowing and unknown—living only in the world of a mournful memory, enlivened only by an occasional thought that she might meet with her heart's chosen.

By a singular coincidence he happened to be in our city, where he had arrived a few days before from New Orleans and was about paying a visit to the garrison on the day on which she called the omnibus for the purpose of an excursion in the same neighborhood. They recognised each other in a moment, mutual explanations ensued, he was still unmarried, and her wildest hopes were realized by her union with the husband of her choice.

We have the names of the parties in this little romance in our possession, and would give them were it necessary. The bridegroom had gone to the South, success had crowned his efforts, and he is by this time on his way with his bride to his plantation in Louisiana. The history affords material for half a dozen novels; with proof that romantic attachments are still extant in this humdrum world of ours. We hope the parties may live to enjoy through long years of happiness, the reward of their fidelity to their early vows.

**SINGULAR PHENOMENON.**—The New Haven Herald publishes a letter from Woodbury, Conn., giving an account of an incident so remarkable that it would hardly be received for truth were it not that the writer was a reliable eye-witness of what he describes. He says:

On the 18th inst. an immense flock of birds, commonly known as chimney swallows, collected over the village, where, by their gyrations, numbers and peculiar notes, they attracted much attention for about two hours, when they began to describe a regular circle in the heavens. This circle the mysterious visitors, by their revolutions, made smaller and smaller until it became quite contracted, when suddenly they commenced descending into a well which was directly under the centre of their former movements. Soon some of them were seen flying out, and for a few minutes many were moving in each direction, though the greatest number going in.

While the birds continued thus entering and escaping, some individuals approached the well and for a time stood directly over it observing the movements of the little adventurers. The presence of the observers was not at first regarded by them, but they continued their apparent purpose of a visit to the cool waters for a while, when they ceased to fly in and immediately disappeared entirely from the heavens.

On examination we found the water about four feet below the surface of the ground, and the well in every part completely covered with the birds—many of them dead and others dying, and all as was very manifest, having first alighted directly in the water.

After all had flown away that seemed able or willing, an individual went into this well in order to remove the rest, but so thick were the birds in the crevices that he was obliged to clear away numbers to find places for his hands and feet. He collected upward of seven hundred, as was found by enumeration, and as many more flew away before he entered.

The object of the visitants no one can divine, and they did not see fit to tell us intelligibly though they kept up quite a chattering among themselves.

**GENERAL TAYLOR.**—The New York Commercial remarks that various men have various ways of letting people know that they are disturbed in mind. Some scold, some grumble, many swear—one man stamps, another clenches his fist. Old Rough and Ready, it seems, eats inordinate quantities of mustard, when anything goes wrong with him. "An officer" gives the following account of "Old Zach's" doings, when he received at the supper table General Scott's letter, telling him that he was going to lose his regulars:—

General Taylor, after reading the epistle crumpled the sheet on which it was written very much in his hands, laid it aside, and then commenced, in a furious manner, putting mustard over his meat, potatoes, and bread, into his coffee and divers other things, all around his plate!

"Vat's de matter, vat's de matter?" exclaimed an old Dutch friend of ours, as he tucked up his apron, and ran out of his shop to know the meaning of a crowd in his neighborhood. Vat's de matter?

"There's a man killed," replied a bystander.

"Oh, ish dat all?" said our friend evident, ly disappointed: "ish dat all? shoot a man killed hump; I tho't it was a

# THE DAILY NEWS.

Newport:

TUESDAY, JUNE 8, 1847.

BY O. F. JACKSON, 91 THAMES-ST.

## NOTICE.

CAPTAINS of fishing vessels and other coasters entering Newport Harbor, are particularly requested not to anchor in the channel way of the steamboats, so as to obstruct their passage from the head of Long wharf around the buoy at the South end of Goat Island.

Newport, June 8, 1847.

We made an allusion in the *News*, yesterday, to the conduct of a number of young men, on Saturday evening, at the Victualling House of Wm. W. Morris. Mr. Morris informs us that this same gang have been at his shop once or twice before, and conducted themselves outrageously, but not so bad as on this occasion. Mr. M. is a quiet, inoffensive man,—he keeps a neat and respectable shop, and is ever ready to wait on his customers and does all he can to give them satisfaction, and now for a lot of rowdies to go there under the pretence of getting something to eat, and while he is preparing it for them, for them to take possession of the establishment, and conduct as they did, is beyond toleration. If these fellows had bought their liquor at this establishment, we should have no sympathy for its proprietor, but they did not, for he keeps none.

There is a gang of fellows in this town, who are ever cutting up some kind of capers that are of no benefit to themselves, but great injury to those on whom these tricks are played. Capt. Gilbert Chase informs us that he set out a number of trees in front of his house last spring, after which he was called away from home on business, and on his return, found the tops of them broken off. What could have prompted this act? Was it fun? We ask what fun there is in destroying property, where there is nothing to be gained by it? There is some reason in stealing, for by this means men are made richer for the time being, but in committing such depredations as these where nothing is to be gained by it, we cannot conceive what motives prompt such acts. Capt. Chase offers a reward of ten dollars for the detection of the perpetrators of this mean act, and we hope he will succeed in bringing the guilty ones to justice.

In another column will be found a communication from an old resident of this town, in relation to the conduct at Mr. Morris'.

Rev. Mr. GILES' LECTURE.—Mr. Giles arrived in town yesterday, and will repeat his Lecture on Patriotism to-morrow evening, by request. Our absence from town prevented us attending the course of Lectures delivered here a few weeks since by Mr. Giles, of which Patriotism was the first, but those that did have the pleasure of listening to his eloquence on that occasion, were perfectly delighted, and will, we doubt not, rejoice to learn that he has consented to give them another opportunity of listening to him. We advise all who want to hear a specimen of true eloquence, to attend Mr. Giles' lecture to-morrow evening, at Armory Hall.

THE MISERIES OF WAR.—The Transcript says, the official paper of Zacatecas, Mexico,—the *Zacatecano* of April 12th. contains two letters, one from the Mexican Surgeon at San Luis hospital, the other from a Surgeon in the Mexican Army, from which it is evident that we have never before received anything like a correct statement of the Mexican loss in the battle of Buena Vista. The army surgeon writes that 50 were left in the hospital at Agua Nueva, 214 at In-caration, 42 at Salado, 39 at Cedral, and 348 at Matahuala—total 701. The San Luis surgeon writes:

I will soon receive 847 wounded, which added to 587 here already, will make the extraordinary number of 1375. For all these I have neither blankets, sheets, nor any of the necessities they require. The donations of clothing that have been made to the hospital are not sufficient for even two hundred of this number—provisions are greatly deficient. In fact, misfortunes encompass us on all sides, and the measure of our sufferings is full.

The fifty-seventh Annual Convention of the Protestant Episcopal Church in the Diocese of Rhode Island, will be held in Grace Church, Providence to-day, commencing at 10 o'clock A.M.

Kate Harebell, the Editress of the Western Continent, quotes the following from Mrs. Ellis:

'There is not an hour in the day in which a man so much likes to see his wife dressed with neatness, as when she leaves the bedroom and sits down to breakfast.'

She then says:—'We have no doubt of this, judging from observation; and we think were wives to dress oftener for the gratification of their liege lords' only, it would tend in a great degree to keep alive that admiration which tends to feed the flame of Love.' But, for our part, we think husbands are often the most culpable in this respect; for we have heard of them, when the time was to be passed at home, refusing even to give their coats a brushing for weeks together, and wearing a beard long enough and rough enough to rub the skin off the soft cheek they stoop to caress.'

There,—we are satisfied, from this last paragraph, that Kate is a Miss, and we would commend her to Capt. SCORFIELD, of the New London Star, for we should judge from her agreeable style of writing, that she is just the lady he has been looking for for a long time. Brush up your old coat, Capt., and don your regimentals, and we guess you can 'conquer a peace.'

For the Daily News.

Mr. Editor:—Will you permit me to address you, for the purpose of making some enquiries in regard to certain things, which you, as an Editor, are supposed to be well acquainted with. In the first place, I would ask whether it is consistent with the good character which the ancient town of Newport has always borne among the towns of New England, for such proceedings and such scenes as were enacted last Saturday night, to be tolerated by the constituted authorities of the town. Actions, Mr. Editor, such as would disgrace a city of as large a growth as our overgrown villages,—such as New York or Boston. I once was young myself, but now, alas! I have arrived at an age when sports, although they still have their charms, but of which I can no more partake or enjoy. But, Mr. Editor, among all my spears, when I used to make "Rome howl," and, as the boys of the present day say, "Resurrect the town," I never willfully destroyed property or disturbed the peaceable and unoffending citizen. I never pursued a course calculated to impair the credit of my native town, and but to a very small extent, my personal character.—Hoping, Mr. Editor, you will give us some information, or call the attention of the town fathers to this matter, I bid you adieu.

MIAINTOMING.

The clergy of San Luis Potosi issued an address to the people on the 28th of April, imploring them to arouse from their apathy, and die in defence of their homes, their families and their religion. A single sentence will give an idea of the document:—"What can we expect from these Vandals, [the Americans] vomited from hell to scourge the nations, when we know that they worship no God but gold, and aspire to no happiness but the gratification of their brutal passions?"

Flour is \$20 a barrel in the Magdalen Island, Gulf of St. Lawrence. There is great destitution there, and also at Cape Breton. In the Island of Madeira, flour was \$15 April 1.

BENEVOLENT SOCIETIES.—The receipts of benevolent Societies, as reported during the Anniversary week in New York, were as follows: Board of Missions of the Presbyterian Church, \$65,628. American and Foreign Bible Society, \$31,739. Seamen's Friend Society, \$17,515. American Anti Slavery Society, \$8,767. American and Foreign Anti-Slavery Society, \$12,635.—New York Colonization Society, \$5,813.—Foreign Evangelical Society, \$14,826.—American Baptist Home Missionary Society, \$30,764. Female Moral Reform Society, \$6,693. American Tract Society, \$160,138. American Home Missionary Society, \$116,453. American Bible Society, \$210,356. Society for Relief of Jews, \$6,690. American Temperance Union, \$1,522. American Protestant Society Union, \$16,709.

BARK CARMELITA.—A letter to a merchant in Plymouth, England, says the authorities of Barcelona condemned as privateers the Mexican privateer which took the Carmelita, and that she would be restored to the captain to pursue the voyage. Three other craft with "letters of marque" were in those waters. The Spanish authorities are commended as behaving well, but nothing is said of the probable punishment of the privateers or pirates.

THE FRENCH MAIL STEAMERS.—The following, relative to the French steam-ships, is from a letter dated Paris, May 15.

The French steamers commence running on the 31st inst. The 'Missouri' is the first boat. They have changed their French for American names, and are called the Missouri, New York, Philadelphia, and the Union. They are to run every fortnight. The Government lends the company the boats for ten years—the company are to keep them insured and to pay for repairs.

Prussia at present contains about 5,000,000 Protestants of the original Lutheran faith; about 5,500,000 Roman Catholics; about 180,000 Jews; the remainder of the population, being about 6,000,000 belong to eight or nine different Protestant sects of which the reformed or Calvinistic comprise about 2,000,000.

The Commercial, has an article on the ship fever, Alms House, etc., in the course of which it says it has obtained the agreeable information that, however threatening, the aspect of the ship fever one was, the danger is now, in all human probability, surely and permanently arrested. The Commercial, also, in this connexion, commends the course so far pursued by the new resident physician at the Alms House, Dr. D. M. Reese.

Since 1830, the occupation of Algiers has cost the French £36,840,000 sterling, and about a quarter of a million of men. This is paying rather too much for the whistle.

THE C. VANDERBILT STEAMER.—This elegant boat, we understand, is to run in the Stonington line to New York, and will take her place in the route this evening, under the command of Captain Potter, of the Rhode Island.

THE WEAKER VESSEL.—We find the following in one of our exchanges. Of course we do not endorse it—but still there cannot be much harm just in quoting it, fair ladies

'A minister was once called upon to effect a reconciliation between a fisherman and his helpmate. After using all the arguments in his power to convince the offended husband that it was unmanly to chastise his loving wife, the minister concluded, 'David, you know that the wife is the weaker vessel, and you should have pity on her.' 'Confound her!' replied the angry fisherman, 'if she's the weaker vessel, she should carry less sail.'

Dr. Banning's Patent Body Lotion, For Weakness of the Body.

The following letter is submitted to a discerning public, and the proprietor is enabled to refer to many individuals—whose testimony will satisfy the most incredulous. Be particular and get Banning's Lotion, and be put off with nothing else.

WARREN, August 22, 1846.

Dr. Boardman.—Dear Sir:—Now being about leaving for home, I am able to give thus far a favorable account of the Lotion which I have worn only four days. For more than four years I have suffered greatly from dyspepsia, that scourge of our race. My food has always been so troublesome that my stomach would reject it almost every day—my bowels always constipated—my head always feeling heavy and unpleasant, and my spirits greatly depressed. I was unfitted for any regular business, and till I saw you, I had given up the hope of ever being better. I had consulted many physicians and in Boston, those the most celebrated, and spent nearly all the money I could earn, upon them and medicines. Since I have worn the Lotion, all these symptoms have in a great degree vanished, and now, it seems to me, I shall be well again. I find my body regaining its erect position—the spitting up my food is pretty much over, my spirits and energy are returning, and I feel like a new man.

Dr. Wistar's Balsam of Wild Cherry.—This is a chemical extract of Wild Cherry and Tar. Everybody knows that Wild Cherry possesses important medicinal properties; and Tar Water has always been administered in Consumption; and Lung affections generally, by our oldest and wisest physicians.

Various remedies, it is true, have been offered and puffed into notice for the cure of diseases of the lungs, and some have been found no doubt very useful, but of all that have yet been discovered, it is admitted by physicians, and all who have witnessed its effects, that none have proved as successful as this. For Asthma, Shortness of Breath, and similar affections, it may be pronounced a positive cure. It has cured Asthma in many cases of ten and twenty years' standing, after physicians had declared the case beyond the reach of medicine.

This Balsam is made from materials which Nature has placed in all northern latitudes, as an antidote for diseases caused by cold climates.

Nature is but the name for an effect. Whose cause is God? Let us not neglect her plainest dictates. None genuine, unless signed I. BUTTS on the wrapper. For sale by R. J. TAYLOR.

Rev. R. Hubbard's Vegetable Anti-Bilious Family Pills.—Ask for the Rev. R. Hubbard's Vegetable Pills, and be careful that a spurious article is not imposed upon you, under the name of Hubbard's Pills.

No agent is authorized to sell less than a sealed package or box of 12 pills, or 60 cents. Full directions go with each size.

These truly invaluable Pills are recommended as being without an equal in all Fevers, Bilious attacks, derangement of the Liver or Bile, Stomach, Lungs, or Bowels, and give relief as sure as taken. The more violent the attack, the more promptly do they act in allaying it. They have also proved the most prominent and certain cure for the promontory symptoms of the Asiatic Cholera, Cholera Asphyxia, and no person in need fear this disease, having these Pills at hand. Minute doses—as a quarter of a Pill each night—persevered in for a few weeks, act as a potent tonic, strengthening the whole system, and curing old chronic and subacute diseases, sick Headache, Dyspepsia, Consumption, &c.

Testimonials from Physicians and others continue to be received at the Principal Office, No. 26 John street, New York, by T. R. Hubbard, Druggist.

Such is the powerful and masterly control which these Pills uniformly exert over disease, whether chronic or acute, that every agent stands ready to receive the empty box, and refund the money—in all cases, where they fail to cure, or come fully up to the recommendation given.

They are expressly intended for family use; and may emphatically be termed the poor man's blessing. Price 12-1-2 cents for the small, and 50 cts. for the large sized boxes.

THE BEAUTIFUL YOUNG LADY OF BROOKLYN AND RADWAY'S CHINESE MEDICATED SOAP.—Last fall we published a letter from a young lady in the city of Brooklyn, who, while on a visit to her friends in New Jersey, had experienced intense pain from the bites of musquitoes, and great annoyance from the unnatural darkness of her tanned complexion. Her skin had become parched, dry, and unhealthy—covered with pimples, blotches, pustules, freckles, &c., she was recommended by some friends to use, as a toilet emollient,

Radway's Chinese Medicated Soap. A few days' use of this very excellent and superior Soap exceeded the expectation of all; her skin became smooth, soft, pure, sweet, and healthy; her complexion restored to its former prepossessing appearance, all of which owed its restoration to the curative properties and soothing influence of Radway's Chinese Medicated Soap.

This is but one out of thousands of others, who prefer the use of Radway's Soap to all other soaps recommended for the same purposes. We do not pretend that our Soap will restore the complexion of the emaciated victim of consumption to the bright hue of health, as some of our competitors vainly claim, and promise to do; but we do pretend to say that Radway's Chinese Medicated Soap stands unrivalled in the productions of Chemists, for the purposes for which it is recommended, and is a superior article to the Rue Divine de Venus and Nymph, (which is introduced to the public by our own matter, which the proprietor of that article has ungenerously copied from one of our Circulars of 1845, without our permission, slightly altering the phraseology of our language to suit his own purpose,) or any other Soap in the market. Now we leave the public to judge for themselves. Do you wish to possess a fair, healthy pure, and sweet skin, free from all spots, blotches, freckles, pimples, blotches, pustules, ring worms, &c? Use the genuine Radway's Chinese Medicated Soap, which is warranted by us to do all that it is recommended. This soap is sold cheaper than any other article of the kind in the market, and for ordinary toilet purposes it will do more service than other Soaps of three times its bulk. Sold for only ONE SHILLING per cake, by R. J. TAYLOR, and C. G. C. HAZARD, Newport. Country Agents can be supplied by R. J. Taylor, J. & R. G. RADWAY, June 3 No. 2 Courtland street, N. Y.

THE subscriber would respectfully announce to those wishing to enjoy a fine prospect of New London Harbor and surrounding country, that he can furnish them with pleasant, airy rooms, on moderate terms, at the situation known as the Stone House, on Bank-street, within five minutes' walk of the Steamboat Wharf.

HENRY HUGHES. New London, Conn., May 22, 1847. Boston, Dec. 10, 1846.

Bath, Maine, May 28.

Mr. F. Brown.—Dear Sir:—Having tested the value of your Sarsaparilla and Tomato Bitters, I take pleasure in giving to you the facts of my case for your own satisfaction and benefit of others.—I have been suffering with the Erysipelas, humor in my side, causing my hand and arm to swell very much, and to be painful at the same time and for some time previous have been troubled with a weak stomach; most of my food has hurt me, and there has been a singular faintness at the stomach, which has been increasing, and caused me much difficulty. After I commenced taking your Bitters I could perceive a gradual and immediate relief, and would recommend it with much confidence to those who are troubled with such complaints. Yours truly,

WM. DAMRELL.

Wistar's Balsam of Wild Cherry, the great remedy for consumption, and the best known to man for asthma of every stage, liver complaints, bronchitis, influenza, coughs, colds, bleeding at the lungs, shortness of breath, pains and weakness in the side, breast &c., and all other diseases of the Pulmonary organs.

A very important disease over which this Balsam exerts a very powerful influence, is that of a diseased liver. In this complaint it has undoubtedly proved more efficacious than any remedy hitherto employed, and in numerous instances when patients had endured long and severe suffering from the disease, without receiving the least benefit from various remedies, and when Mercury has been resorted to in vain; the use of this Balsam has restored the Liver to a healthy action; and in many instances effected permanent cures, after every known remedy had failed to produce this desired effect.

Besides its astonishing efficacy in the disease above mentioned, we also find it a very efficient remedy in Asthma, a complaint in which it has been extensively used, with decided success, even in cases of years standing.

It not only emanates from a regular physician, but has also been well tested in all the complaints for which it is recommended. It is not my intention, therefore, either to cloak it in mystery, or in any way deceive the public by overrating its virtues; on the contrary, I shall simply endeavor to give a brief statement of its usefulness, and flatter myself that its superior efficacy will enable me to furnish such proofs of its virtues as will satisfy the most incredulous that Consumption may and can be cured, if this medicine be resorted to in time.

None genuine, unless signed I. BUTTS on the wrapper. For sale by R. J. TAYLOR.

### TO THE LADIES IN PARTICULAR.

MY DEPILATORY POWDER has been found highly beneficial and of great use to ladies who have been afflicted with superfluous hair, principally when its growth has been confined to the upper lip and side of the face, giving a masculine turn to the whole features. When used with proper care, and according to the directions, it will be found to be a great addition to the toilet, as the use of any sharp instrument is entirely avoided, and the hair is removed in five or ten minutes after its application. This composition is infallible, and warranted to remove superfluous hair. After numerous trials, I have received certificates of success which cannot be contested. ### Coggeshall & Bliss' Patent Cooking Range.

THE subscribers have just taken out letters patent for a new and beautiful cooking Range, to which they invite the attention of the public. This Range may be set in the ordinary fire place; and by a simple, though effectual apparatus, the throat of the chimney may in an instant of time, be opened or closed, so that the heat in summer and the fumes from cooking at all times may escape through the chimney. Wood or coal may be used, and the evil of smoking chimneys is completely remedied by its introduction. This Range is so constructed that it takes up but a small space, and yet it contains all the qualities of those which take up double the amount; and it being constructed as it is, the Boilers are brought in close proximity with the fire, and it consequently boils much sooner, and with a smaller amount of fuel, than the old fashioned Ranges, or cook stoves. It contains five boilers four of which may be converted into two, by taking out a cross piece, and thus will admit of two large boilers at the same time. It also contains and Oven 12 inches wide by 21 deep, which cannot be surpassed for baking. The subscribers have one of their Ranges in operation at their store, where the public are invited to call and examine it, and if they will, they must at once discover its utility. They also keep constantly on hand all kinds of Parlor, Office, and Cook Stoves, Tin Ware, &c., &c. Feb 9-16. COGGESHALL & BLISS.

### IMPROVED COOKING RANGE OF MESSRS. COGGESHALL & BLISS.

THE undersigned having in their houses a new improved Cooking Range, constructed by Messrs. Coggeshall and Bliss, of this town; and being fully satisfied with its performance and general utility, take pleasure in certifying to the same, and recommending it to the public as the best thing of the kind with which we are acquainted. We would notice more particularly the Oven, which, by its construction, furnishes a uniform heat, and the baking is performed with less attention and more perfectly, than in any Range or Stove that we have ever used. In a word, it contains many advantages, and consumes a small quantity of fuel. Z. L. Hammond, Thomas Hamilton, Caleb W. Anthony, Wm. C. Cozzens, Benj. H. Ailman, Philip Simmons, Silas Sisson, Geo. A. ### TO THE BEAUTIFIERS OF THE COMPLEXION.

SURPRISING EFFICACY. My Eau Divine Sole Venus and Nymph Soap, composed of an eastern botanical discovery of surprising efficacy for rendering the skin soft and fair, as well as imparting a delicate rosaceous hue to the complexion. As a creator and conservator of that most distinguishing charm of female loveliness, a transparent fair skin, Jules Hauel's Nymph Soap, or Eau Divine de Venus, may be said to exert an almost magical influence. Composed for the most part of oriental balsamic plants, to the utter exclusion of all mineral admixture, it is distinguished medically, for its extremely bland, purifying and soothing action on the skin; and by acting on the pores and minute secretory vessels, expels all impurities from the surface, allays every tendency to inflammation, and, by this method alone, effectually dissipates all redness, tan, pimples, freckles, sunburn, and other unsightly cutaneous visitations, so inimical to female loveliness. Its use will change a most bilious complexion into one of radiant whiteness; while on the neck, hands, and arms, it bestows a delicacy and fairness which its continued use will happily protect, with every appearance of youthful charm to the most advanced period of life. For sale, wholesale and retail, by JULES HAUDEL, Practical Chemist and Perfumer, 120 Chestnut-st., Philadelphia. Premiums were awarded at the Fair of the Franklin Institute. For sale in Newport by R. J. TAYLOR, and B. H. TISDALE. May 17 to 1.

## LORRAINE'S PILLS.

All persons require Facts.

**DR. LORRAINE'S CURATIVE SYSTEM**  
OF MEDICINE is rapidly producing achievements  
never before known in the cure of diseases. The  
innateness of its wonderful results, alone demon-  
strate that its principles must be founded on truth.  
The relative proportion of Cures by this Medicine  
is out of all proportion greater, than by any other  
Medicine known.

THE THEORY is, that one blood beats in the  
bosom, and flows through the body of every man,  
and must be pure, it is the Vital Principle that sus-  
tains life.

Physicians, and people of every class are willing  
to come forward and announce, in the most public  
manner that they have been cured of long standing  
complaints—after another medicine had failed.  
In fact there can be no doubt but that Lorraine's  
Vegetable Pills is the best medicine ever offered to  
the public.

See a few public statements of men of truth and  
virtue.

Lynn, Dec. 17th, 1843.

Sir: I have sold all the pills I had of you,  
please send another lot immediately. The sale of  
Lorraine's Vegetable Pills is rapidly on the increase,  
they are becoming very popular. I sell more and  
more every day. As a curative medicine and pu-  
rifier of the blood. I think they stand unrivalled.  
One fact I have noticed, that no one that has used  
them finds any fault with them; they have wrought  
some very great cures. One lady, who has been  
confined to the house and bed, a great part of the  
time, for nearly years, is now cured and able to  
work most of her time, after having taken 3 boxes  
only of Lorraine's Pills! I might name many  
other cases where the cures have been as great,  
but have not time. Yours respectfully,  
J. E. F. MARSH.

Portland, Me., Nov. 7th, 1843.

Sir: Please send us one gross of Lorraine's  
Pills, we have sold all we had last. They have  
given very good satisfaction, better than any other  
pills which we have in our market. I think in  
a short time they will take the place of others.  
We have had no fault found with them whatever;  
but, on the contrary, they have been praised loudly.  
I think we could have quite a number of highly  
respectable certificates from our citizens.  
Yours respectfully,  
E. MASON.

Chelsea, Jan. 3d, 1844.

Sir: I transmit to you an account of my case  
for publication, believing it to be my duty. I  
have been confined with the Rheumatism nearly  
the whole winter, have had some of the best phy-  
sicians of Boston and could get nothing that would  
relieve me more than temporarily. I heard of the  
wonderful virtue of Lorraine's Pills, I had no faith  
whatever, but I took them, and it is a solemn fact  
that when I had taken but eight pills my Rheu-  
matism had entirely left me, and I have remained  
well ever since.

N. B. I never took more than one pill at a  
time and that on going to bed.  
Yours respectfully, W. M. HALSTAD.

**OPINION OF A SKILLFUL PHYSICIAN.**  
Sir, the operation of Lorraine's Pills is past any  
philosophy to find out, how so small a Pill can  
produce such wonderful effects. I find that one  
of them will operate more than 3 or 4 of any other  
Pill, yet in their operation, mild, gentle and com-  
forting. On this account, they are more than 100  
per cent, cheaper, as physicians, than any other Me-  
dicine I know of.

These Pills are now acknowledged by thousands  
who take them daily, to be the only medicine that  
fairly takes the Banner from all others. This ex-  
traordinary medicine has actually done WONDERS  
within one year past. They cause no pain or un-  
easiness of any kind in their operation, and require  
neither change of diet or care of any kind.  
The attention of the reader is respectfully called  
to the important results from the use of these Pills.  
It will be seen, however great achievements have  
heretofore been made by the use of this invaluable  
medicine, still greater and more remarkable cures  
daily happen.

**Bogle's Hyperion Fluid; Or Vegetable Hair  
Composition.**

THE subscriber has been induced to bring this  
article before the public, at the request of his nu-  
merous customers, among whom are physicians  
and citizens of the first respectability, who have  
adopted its use in their families, and wish others to  
participate in its advantages.

The Hyperion is composed of vegetable ingredi-  
ents, the secret of compounding and blending which  
is known solely to the subscriber. It is an arti-  
cle in which a cleansing and purifying wash is  
beautifully blended with a most delicate, silky  
and glossy moisture never before attained, yet free  
of animal grease or essential oils. It clears the pores  
of the skin, causes a healthy action in the blood  
vessels, nerves, &c., which feed the hair, thereby  
preventing BALDNESS AND GREY HAIR.

It entirely frees the skin from Scurf, Dandruff,  
and other cutaneous diseases, disposes the hair to  
curl, and changes the harshest hair into the most  
soft, glossy, and healthy state, also imparts to it  
a darker color, and the free use of it, both on the  
skin and hair, in a most healthy and luxuriant  
state until the latest period of life.

Ladies will find the Hyperion a great addition to  
the toilet, both on account of its delicate and agree-  
able perfume, and the great facilities it affords in  
dressing the hair, which, when moist with the fluid,  
can be dressed in any required form, so as to  
preserve its place, whether plain or in curls.  
When used on children's heads, it lays the founda-  
tion of a good head of hair.

Manufactured and for sale by WM. BOGLE,  
228 Washington, corner of Summer street, Bos-  
ton. Sold in Newport by R. J. TAYLOR.

A Treatise on the Anatomy and Physiology of  
the Hair, with directions for preventing baldness,  
removing dandruff, and preserving the natural  
beauty and softness of the hair, by WM. BOGLE,  
accompanies each bottle. Aug. 24—1y.

**DR. BANNING'S PATENT LACE!**

An immediate Relief to Incipient Consumption, the  
Bronchitis of Public Speakers, Palpitation  
of the heart, Dyspepsia, Spinal Weak-  
ness, Piles, Protrusion, and Diseases  
of Women, without Medicines.

THIS instrument has been examined by Drs.  
Mott, Rodgers, Francis, and Grison of New  
York, the faculty of Pittsburgh, Hartford, New  
Haven and Middletown, and has obtained for itself  
their favorable testimony. The following will  
show what kind of testimony might be produced  
in many cases:

Middletown, June, 25th, 1843.

Dr. Boardman,  
Sir—In answer to your inquiry respecting my  
case, I will merely say, that I have been sick since  
I strained my breast and loins in May, 1836, from  
that time continued to grow worse, when in the  
fall of '39, I abandoned business, and have not  
done any thing since. I suppose from all I could  
learn about my case—frequently raising blood,  
coughing very hard and expectorating profusely,  
deriving no benefit from my physicians, and all  
medicines recommended to me, that my case was  
hopeless. Last winter my brother told me he had  
heard a good account of Dr. Banning's Lace in  
such cases, and was anxious that I should try it;  
accordingly I procured one from you, and since I  
began to wear it, my breathing, which was very  
short and laborious, has become easy and natural;  
the pain and fluttering or palpitation of the heart  
has subsided; cough and expectoration greatly  
lessened, my limbs which were exceedingly pain-  
ful have become useful, so that I can walk com-  
fortably. I am able to shave myself with comfort,  
which for many years I have not been able to do.  
The piles, which have troubled me for nine years,  
are nearly eradicated. I work some in the garden,  
and am able to ride 4 miles at once with pleasur-  
and benefit.  
Yours, &c. WM. RANNEY.  
Dr. G. M. Boardman.

Middletown, June 25, 1843.

Dr. Boardman,  
Dear Sir—In answer to your inquiries re-  
specting the effect of Dr. Banning's Lace in the  
case of my wife, I will state that for twenty years  
past, she has been afflicted with a complication of  
complaints to which females are subject. She has  
tried all the physicians and all the medicines re-  
commended for such complaints, without regard to  
expense, and found only temporary relief. Her  
most distressing complaints, palpitation of the  
heart, oppression and a sense of great weight at  
the pit of the stomach, prolapsus of the womb, &c.,  
were believed after wearing the lace two hours, and  
she has continued to improve daily. With this  
view of the case I cannot use language strong  
enough to convey my approval of the instrument.  
aug. 29th.

PROVIDENCE, Feb. 26, 1846.

Doctor Boardman,—Dear Sir—I now take my  
pen to inform you that my wife's health has im-  
proved very fast for the last two weeks from wear-  
ing one of your Laces. She has been out of health  
about two years and has worn a different Support-  
er from yours, which had only two pads. She re-  
ceived some benefit from that—but it would not  
produce a cure. But now I can say with pleasure  
that she is as smart as any of the young girls in the  
neighborhood. She can now run up and down  
stairs as fast as I can, and I feel so well pleased  
with it that I hardly know how or what to write.  
But one thing I do now, that she has been under  
the care of seven Doctors in one year—and wear-  
ing your Lace two weeks has or will do the cure  
in a very short time. I want to write more, but I  
have no time. I am truly, your friend and well  
wisher,  
J. . .

Doctor Boardman, proprietor of Bannings' ce-  
lebrated Patent Body Brace, for this state, has taken  
rooms at No. 8, Broad street, where he may be con-  
sulted, free of charge. He is enabled to treat, suc-

## Three Powerful Agents Com-

Combined in one Grand Remedy.

Coon's German Salve, Vegetable Pain Extrac-

tor, and Universal Strengthening Plaster.

THIS very valuable triple combination of  
Salve, Pain Extractor and Strengthening Plas-  
ter, all combined in one, is indeed an object of  
great importance to the medical world. If the  
human system has become weakened, from CON-  
STANT PAIN, SCROFULOUS DISEASES, RHEUMATISM,  
LUMBAGO, GOUT, PARALYSIS, AFFECTIONS OF THE  
LIVER, LUNGS OR KIDNEYS, PALPITATION OF THE  
HEART, SPASMS, PAIN IN THE BACK, SIDE OR  
STOMACH, OLD ULCERATED SORES, BRUISES,  
SCALDS, INFLAMMATION OF THE EYES, THROAT OR  
TONGUE, BITES OF DOGS, FROST BITTEN LIMBS,  
CROUP, INFLAMMATION OR AGUE IN THE BREAST,  
COUGH ARISING FROM IRRITATION OF THROAT OR  
LUNGS, or in fact any diseases which the human  
frame may be afflicted with, this very valuable  
remedy never fails in curing.

As a Salve, it cures the worst Wounds, Sores,  
Piles and Phlegmatic affections, Dolent or Milk  
Legs, Lameeness of Joints, Bites of poisonous ani-  
mals, Burns, &c.

As a Pain Extractor, persons who have suffered  
the most excruciating pains from Rheumatism,  
Lumbago, Gout, St. Anthony's Fire, King's Evil,  
&c., have speedily, by one application of this val-  
uable Pain Extractor, been relieved from all suf-  
fering, and in a few days been soundly restored to  
health.

As a Strengthening Plaster, individuals who  
have laid upon a bed of sickness and suffering for  
months—who have become so weakened and  
worn out of life that death would be a blessing,  
have by the means of this Salve spread as a plas-  
ter and applied according to directions to the parts  
affected, been strengthened and restored back to  
life—blessing the Salve as the only remedy by the  
grace of Providence by which they were saved.

Reader, are you afflicted with any of the above  
diseases—have you tried other remedies without  
effect—have you been pronounced incurable? If  
so, try this Salve—if nature can furnish means  
to cure you, you will be cured by the use of Coon's  
German Salve and Vegetable Pain Extractor.

Extract of a letter from Hon. Harman Knicker-  
backer, Esq., late first Judge of Rensselaer  
County, M. C. &c., Schaghticoke, N. Y.

I was myself attacked with a severe pain in my  
ankle and leg, and swelling ensued to an enor-  
mous extent, my physician could not relieve me,  
after suffering severely a number of days and an  
increase of pain and suffering I was considered  
dangerous; at this crisis my miller prevailed upon  
me to try a plaster of this salve which I did, and  
in half an hour I became easy and rested well. I  
continued this application and in a few days I was  
cured. It cannot but prove a blessing to mankind,  
if they can be furnished with it.

## MOTHER'S RELIEF.

IT is now about ten years since this medicine has  
been introduced to the public, and it stands unriv-  
aled in its effects, bearing the test of the severe  
scrutiny of all classes, both friendly and unfriendly.  
It is but for one purpose—for the use of Mothers  
who have to pass through a sea of affliction in  
giving birth to mankind, not to be described. It  
is to you we make an appeal. It is for your es-  
pecial and general good that you should make use  
of one bottle of the MOTHER'S RELIEF before  
confinement. Then you can approach the par-  
turing chamber without feeling as if you were go-  
ing to the chamber of death. You may rest as-  
sured it will still all fertile and nervous affection.  
It smooths and shields from irritation and by its  
peculiar properties it destroys the cause of her-  
morhage or inflammation that so often attend and  
follow the hour of parturition. It causes sweet  
and natural rest, and at last facilitates the birth,  
so that Mothers have not to pass through such  
excruciating pain and distress. The Mother's Re-  
lief may be depended upon in all cases of threat-  
ening abortion where it is possible to be prevented  
in cases of Spasms, &c., causing frequent alarm,  
from two to three doses will give immediate relief.

As the subject is one that cannot with propriety  
be fully discussed in this public manner, we invite  
all who feel interested to call on our agents (most  
of the respectable Druggists in the United States),  
or on the manufacturer, and they will find all the  
facts to form a correct opinion of its merits, and  
also the opinions of many physicians of eminence,  
and of persons who have become acquainted with  
its beneficial effects.

**CAUTION TO PURCHASERS.**—Ask for Ban-  
thorpe's Mother's Relief. None is genuine un-  
less our signatures are found within the wreath  
of the direction that is pasted on the bottle, signed  
with our own hand, and over the neck of the  
bottle is a fac simile of our own hand writing also.  
By attending to the above directions, no one need  
be imposed upon. All orders will be promptly  
attended to.

## DOCT. EMANUEL'S BALSMIC LUNG AND COUGH JELLY.

THE materials of this Jelly are purely vegetable  
and balsamic, and are the invention of an emi-  
nent physician, from whom the proprietor has pur-  
chased the recipe. It is certainly worth its weight  
in gold, but is put at a price to be within the reach  
of rich and poor.

Names and residences of persons residing in the  
city of New York, who have benefited or bene-  
fited by Dr. Emanuel's Balsamic Cough and Lung  
Jelly, when it was prepared in another form, are  
Mr. Hiram Annetts, 113 William-st., N. Y., had  
for some time, a dreadful pain in his side and chest,  
with a hacking cough, and shortness or difficulty  
of breath. He used part of a bottle of Dr. Emanuel's  
Balsamic Lung and Cough Jelly, which per-  
fectly cured him.

Mrs. Morgan, Front-st., Brooklyn, had a very  
obstinate cough and cold. She tried every other  
remedy in vain, and Dr. Emanuel's Balsamic  
Lung and Cough Jelly entirely cured her.

Reader, reader, let the glad voices and grateful  
hearts of these respectable citizens of New York,  
appeal to your hearts and understandings, if you  
are afflicted with any pulmonary complaint,  
cough, cold, &c.

Mr. L. W. Conklin, 102 Eldridge-st.  
Mr. Alonzo Brown, 72 Reade-st.  
Mrs. Morgan, 163 Front-st., Brooklyn.  
Orange county, April 19th, 1846.

DR. EMANUEL.

Dear Sir—You may perhaps think my state-  
ment almost incredible. My reason for fearing  
so is the fact of your never recommending your  
Jelly for the cure of confirmed consumption, but  
only in its primary or first stages. I have every  
reason to believe that I was in its last stage; my  
physician told me so; my friends told me so; as  
well did my symptoms, for they were truly alarm-  
ing; and I felt fully convinced, that unless relief  
was obtained, I must soon be consigned to the  
narrow confines of the silent grave. But by the  
timely use of your remedy, I still live, and again  
enjoy my former good health. I had, indeed, de-  
sired, all the alarming symptoms you speak of as  
forming consumption in its worst stage; but by  
the use of your Jelly, I again say, I am cured.

Yours, dear sir, with great sincerity,  
ISAAC J. BEED.

And now, reader, having given you a plain  
statement, let me conjure you to pause, ere it is too  
late; try this Balsamic Lung Jelly—try it. I have  
put its price to you as low as I can afford; if you  
use it, and succeed in curing yourself, I shall have  
the gratification of having rescued another from  
consumption; and I hope, in return, that you will  
not withhold from me your name, and a statement  
of your cure.
